ENVIRONMENT.

DON'T BE AFRAID,

3829's Translation Notes

Equivalent to Oba-san and Oji-san, the Chinese words "Ayi" and "Shushu" literally mean aunt and uncle, but are used to refer to older men and women, even without familial relations.

Credits

The background of the credits page features a soft, painterly illustration of two anime-style characters. A taller girl with short, light brown hair and a gentle smile is positioned behind a shorter girl with long, dark hair and bangs. They are surrounded by lush green foliage and numerous pink roses in various stages of bloom. The overall color palette is soft and pastel, with a light blue background.
